New Senior Secondary Curriculum
Liberal Studies

1. Introduction

Liberal studies will be a core subject and assessed like other subjects in the three-year senior secondary curriculum. It will help students to:

- ♦ **A:** Deepen their **Awareness** of contemporary issues, and develop positive values
- ♦ **B:** **Broaden** their knowledge base and perspectives
- ♦ **C:** **Connect** knowledge of different disciplines and strengthen their critical thinking skills

2. Curriculum Aims

The aims of Senior Secondary Liberal Studies are:

- ♦ To enhance students' understanding of themselves, their society, their nation, the human world and the physical environment;
- ♦ To enable students to develop multiple perspectives on perennial and contemporary issues in different contexts (e.g. cultural, social, economic, political and technological contexts);
- ♦ To help students become independent thinkers so that they can construct knowledge appropriate to changing personal and social circumstances;
- ♦ To develop in students a range of skills for life-long learning, including critical thinking skills, creativity, problem-solving skills, communication skills and information technology skills;
- ♦ To help students appreciate and respect diversity in cultures and views in a pluralistic society and handle conflicting values; and
- ♦ To help students develop positive values and attitude towards life, so that they can become informed and responsible citizens of society, the country and the world.
